Medical Emergency Information

The Stuttgart military community has several emergency numbers you should know, depending

upon the particular situation. The German Red Cross (DRK) provides ambulance service to the Stuttgart military community; Patch Health Clinic has no ambulances. The DRK should only be used for genuine emergencies to prevent loss of life, limb or vision or to limit undue suffering.

If a true emergency exists on- or off-post, call the military police at 114/civ. 0711-680-114. This number is answered by the on-duty MP desk sergeant who will relay your request for ambulance service to the DRK.

You will be asked several questions by the desk sergeant. Be prepared to provide the patient's name, age, sex, nature of emergency, your telephone number and location, including installation, street, building, apartment and room number. You should remain calm and stay on the line until you have answered all questions and hang up only after the sergeant does so.

Remember: Do not call or report to the Stuttgart Health Clinic for emergencies. They are not staffed or equipped to handle these situations. True emergencies which may require ambulance service including heart attack, poisoning, severe bleeding, unconsciousness, difficulty in breathing or severe injury to the head or torso.

No Better Time to Break the Habit
